Moira Vision 2045
Consultation Draft

In November 2024 the Moira Shire Council appointed a panel of 19 community members to create a vision for the future of our community, in simple terms, our aspirations for what our community will be like in 2045. This document embodies the draft vision and supporting themes that were developed by the community panel over several workshops.

The community vision sits at the top of Council's long term planning framework and is the beacon that guides our long term decision making.
